SUMMER CAMPS

2024 SUMMER PROGRAMS

Experience the Randolph Difference in the Summer Enrichment STEAM Program

What's being offered?

Our Summer Enrichment STEAM program will not only strengthen academic acumen, but also inspire creativity and innovation by offering a new, full-day format that includes enrichment learning in the morning, accompanied by STEAM activity sessions in the afternoon. Our program will expose children to a challenging academic program that will keep them engaged and excite their imagination!

Why it's worth it?

The full-day summer program is being offered in weekly sessions that are structured to keep students safe, engaged academically, and inspired to learn more about subjects that interest them.

Each weekly session costs \$485 and includes:

- **Small class sizes with academic enrichment lessons led by Randolph School faculty and staff**
- **Social/Emotional development opportunities through structured activities with other students**
- **A differentiated learning approach that is designed for each age group and grade.**
- **The option to extend the day with our late-stay program that incorporates outdoor activities and interactive games (additional cost of \$100 per week).**

Greengate Reading Camp 2024

For students entering grades 1 – 5 in the 2024-25 school year

The four-week program costs \$1,550 and takes place from 8:00 - 11:00AM from June 3-28.

Greengate School's four-week program works to strengthen language and math skills for children with reading difficulties. The program offers daily reading tutorials conducted by specialists trained in Orton-Gillingham instruction, an approach designed for bright children who struggle in reading, spelling and writing. This helps ensure the child doesn't lose precious academic ground during the long weeks of summer.

Studies show that all students experience about a month of learning loss during the summer, and for students with dyslexia, the losses may amount to as much as 3 months. Weaknesses in memory, processing speed, attention, and language development cause skills to erode more quickly. As a result, students have to spend more time reviewing at the beginning of each school year in order to catch up. Continuing instruction during the summer months can help greatly reduce learning loss.

Who should attend? Students entering grades 1 - 5 who:

- have good verbal abilities who struggle in reading, spelling, writing, and/or math
- need continued summer instruction to ensure maintenance or continued growth of skills
- can work in a small group setting without major behavioral problems
- thrive within a multi-sensory instructional environment.

Children do not need any special testing or learning diagnosis to be eligible to attend the summer reading program, but parents must submit information for review before acceptance and some pre-screening is required. We are not able to support children with emotional and/or behavioral difficulties in our summer reading program. If it is determined after the program begins that a student has emotional and/or behavioral difficulties, the student may be removed from the program. Under these circumstances, the cost of the program is non-refundable.

Greengate Summer Reading Program participants can also sign up to participate in any of the K-4 STEAM sessions during weeks 1-4 from 11:00AM – 3:00PM, which includes lunch daily and costs an additional \$850.

Randolph Counselor in Training (C.I.T.) Program

Counselors in Training (CITs) assist our camp counselors with the day-to-day operation of the camp from 7:45 a.m.-3 p.m. every day. They are assigned to a specific camp group and stay with that camp group throughout the entire session. Lunch and snacks are included. CITs daily roles include hands-on experience working with

campers, assisting with transitions between morning and afternoon sessions, and helping to facilitate camp programming and projects. In addition, they participate in team building and bonding activities with the other CITs which include meetings, group games, and projects. CITs are an integral part of our programming, helping to bridge the gap between camper and counselor. In recognition of their work, CITs will be given volunteer hours for their time at camp! They will also have opportunities to come back and help with mini-camps throughout the school year!
